Firefighter Association

PO Box 536

Chanhassen, MN

55317

(952) 949-8367

kcummings@edenprairie.org

This is a class for firefighters interested in learning how to read a building during a fire or other incident where damage to the structure may occur or could have already occurred.

This class is designed for those that might not understand the different aspects of construction, but want to ensure their safety along with the safety of their crew.

Instructors will be
Dale Specken, Chief, Hopkins Fire Department
Pat Sandon, Assistant Chief, Hopkins Fire Department
